About Me

Ravindu Prabod is a Senior Software Engineer with over 4 years of experience specializing in C#, .NET, SQL, and Azure. Proficient in implementing clean architecture, Ravindu excels in designing scalable, maintainable software solutions. Adept at leveraging modern technologies to drive innovation and efficiency, he brings a strong commitment to delivering high-quality, performance-driven applications.

Soft Skills

- Problem-solving and analytical thinking
- Team collaboration and mentorship
- Strong communication and documentation
- Agile/Scrum methodologies

Education

- **BSc Hons in Software Engineering**
Cardiff Metropolitan University 2022 - 2023
First Class
- **Higher National Diploma in Software Engineering**
National Institute of Business Management 2020
G.P.A : 3.36
- **Diploma in Software Engineering**
National Institute of Business Management 2019
G.P.A : 3.46
- **G.C.E A / L**
Sri-Rahula Central Collage, Alawwa 2017
Pass
- **G.C.E O / L**
Sri-Rahula Central Collage, Alawwa 2014
Pass

Experience

- **Senior Software Engineer**
DMS Software Engineering Pvt Ltd 2024 - current
 - Led teams and projects using Agile and Scrum methodologies, leveraging AI tools for innovative software solutions.
 - Specialized in corporate-level software development, focusing on database and application architecture for online services.
 - Integrated advanced technologies such as .NET Core and React JS for scalable service applications.
- **Software Engineer**
DMS Software Engineering Pvt Ltd 2022 - 2023
 - Excelled in advanced software development and financial analysis, with a focus on project planning and architecture design.
 - Designed robust solutions using clean architecture principles and developed RESTful APIs in Azure.
- **Associate Software Engineer**
DMS Software Engineering Pvt Ltd 2021
 - Enhanced skills in software architecture, programming best practices, and Azure DevOps integration.
 - Delivered impactful solutions through reporting and analysis, and gained domain expertise using LINQ and SQL.
- **Intern / Trainee Software Engineer**
DMS Software Engineering Pvt Ltd 2020
 - Gained foundational experience in the software industry and infrastructure, contributing to development within an agile environment.
 - Acquired proficiency in software engineering principles, development frameworks, and the Software Development Life Cycle (SDLC).

Tech Skills

- Programming Languages: C#, .NET (Core/Framework)
- Database Management: SQL, Entity Framework, LINQ
- Cloud Platforms: Azure DevOps, Azure Functions, Azure App Services
- Architectural Patterns: Clean Architecture, Microservices, MVC
- API Development: RESTful APIs, Web API
- Front-End Technologies: HTML, CSS, JavaScript, jQuery (if applicable)
- DevOps Practices: CI/CD Pipelines, Version Control, Build & Release Management
- Testing: Unit Testing, Integration Testing

Tech Stack

C#, .NET Core, .NET Framework, GPT

Certifications

IoT Hackathon 2019 inter NIBM Competition
(Cisco Network Academy Recognition)

Python for Beginners E-Certificate
(University of Moratuwa)
