

RAVINDU PRABOD HEMACHANDRA

SENIOR SOFTWARE ENGINEER

+94 77 903 3226 | Alawwa | ravinduprabod@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

SUMMARY

Senior Software Engineer with 5+ years of full-stack experience delivering scalable, high-quality solutions. Strong expertise in C#, .NET Core, and system architecture with a focus on clean, maintainable design. Driven to lead impactful projects that accelerate business growth and elevate user experience.

PROFESSIONAL EXPERIENCE

Senior Software Engineer Team Lead DMS Software Engineering (Pvt) Ltd.	Oct 2025- Present
- Lead and mentor a team of software engineers across multiple projects - Design application architecture and enforce coding standards - Review code, manage task allocation, and ensure timely delivery	
Senior Software Engineer DMS Software Engineering (Pvt) Ltd.	Jan 2025- Oct 2025
- Developed and maintained scalable web and mobile applications - Worked closely with QA and product teams to deliver high-quality releases - Improved system performance and code maintainability	
Software Engineer DMS Software Engineering (Pvt) Ltd.	Apr 2022- Dec 2024
- Implemented application features using modern frameworks and databases - Participated in requirement analysis, development, testing, and deployment - Fixed production issues and optimized existing modules	
Associate Software Engineer DMS Software Engineering (Pvt) Ltd.	Oct 2020- Apr 2022
- Assisted in developing software components under senior guidance - Wrote clean, maintainable code following best practices - Supported testing and bug fixing activities	
Intern Software Engineer DMS Software Engineering (Pvt) Ltd.	Mar 2020- Oct 2020
- Gained hands-on experience in real-world software projects - Supported development, testing, and maintenance tasks	

PROJECTS

People’s Bank – All Branches Stationery Management System (SMGT)
- Developed and owned the entire backend of a web-based Stationery Management System, including inventory management, approval workflows, and reporting APIs - Implemented automated reorder levels, branch-wise stock tracking, and decentralized inventory control, replacing manual paper-based processes - Managed deployment, environment setup, and load/performance testing, ensuring scalability, high availability, and improved system performance

Clientele – Trading Portal Web & Mobile

- Full-stack development of web and mobile platforms using .NET Core (Backend), ASP.NET (Frontend), React Native (Mobile), MSSQL
- Implemented purchase & sales management, cashbook, dashboard, receipt printing, and stock maintenance
- Responsible for end-to-end frontend and backend development

Suren Cooke – Pest Control Management System

- Developed Cost sheets, CRM, Inventory, Job calendar with Google Maps integration, Quotations, Invoicing, Scheduling
- Worked on frontend and backend using ASP.NET for complete system delivery

TEAMICS – Tea Grading System

- Maintained legacy Windows Forms C# (.NET Framework 2.0) system (since 2010)
- Performed bug fixes, applied patches, and generated reports to ensure smooth operation

Tea Auction – Tea Auction Worker Service

- Designed and developed a real-time data capture worker service using .NET Core 8
- Integrated auction data streaming to MSSQL database for live updates

ACUIRE – Inventory Management System

- Full-stack development of GRN, Purchase Orders, and Stock management using ASP.NET and MSSQL
- Handled frontend and backend implementation for end-to-end system functionality

SKILLS

Languages & Frameworks:

C#, .NET Core, .NET Framework, ASP.NET (MVC & Web Forms), WinForms, LINQ, Entity Framework

Web & Mobile:

HTML, CSS, JavaScript, React Native

Backend:

REST APIs, Worker Services, Full-Stack Development

Database:

SQL Server, T-SQL, Stored Procedures, Reporting

Tools:

Visual Studio, SSMS, Git, Azure DevOps

Domain Experience:

Finance, Inventory, CRM, Tea Systems

Strengths:

Debugging, Troubleshooting, Data Visualization, Problem Solving

EDUCATION

Bachelor of Science in Software Engineering Cardiff Metropolitan University - First Class	May 2022- May 2023
Higher National Diploma in Software Engineering NIBM	Feb 2019- Feb 2020
Diploma in Software Engineering NIBM	Feb 2018- Feb 2019
GCE A/L Sri Rahula Central College, Alawwa	2017
GCE O/L Sri Rahula Central College, Alawwa	2014

ADDITIONAL INFORMATION

- **Languages:** English, Sinhala
- **Certifications:**
Python for Beginners (UOM),
SI Associate Certification Program—MongoDB,
Programming Foundations: Secure Coding (COC),
Introduction to Generative AI - Google Cloud (COC),
Introduction to Large Language Model - Google Cloud (COC),
Biometric: Security and Privacy Considerations (COC)
